PERSONAL BACKGROUND

Place of Birth

I was born on August 27, 1986, I grew up in South Africa in a family deeply connected to the medical profession. Both parents were medical doctors who worked for the United Nations. After losing both parents at the age of 12, she was raised by her aunt, who supported and guided her through her educational and professional journey.

Life Experience

My life experiences shaped her resilience, independence, and determination to succeed in the healthcare and pharmaceutical equipment industry. Today, she continues to build her career while planning to establish a fully operational pharmaceutical equipment company with permanent staff in the near future.
